

# SCHEDULE

Platforms for Post-crisis Recovery

## Instructions

This workshop package is composed of one introductory presentation that presents the problem, one set of worksheets and three different briefs/personas.

The introduction and briefs are focused on the topic of finding long-term employment for refugees, but this can be tweaked to fit whichever aspect of refugee aid you'd like.

### Schedule - total time: 1 hr 15 mins

1. Brief introduction to the topic and activities (see attached) – 10 mins
2. Split participants into groups of 3-6, give each group a brief and tell them to find their own area to sit in.
3. Give participants 5 mins for individual reflection and ideation, 10 mins to share, discuss and pick one idea in their groups, and 20 mins to develop the idea and fill out the worksheet.
4. Call all the groups back together. Ask them to form large groups composed of two teams.
5. Give the larger groups 15 mins to share their two ideas, discuss them and build on them.
6. Bring everyone back together and ask one person from each group to give a very short summary of their group's idea. If time remains, open up for general reflection.
