

Assign group facilitator

It's the one most south at the moment

Instructions during this 13 minutes session (you can navigate forward during the session, but not backwards)

- 1. Each person talk about a dream for our society during 1 minute
- 2. Describe your dream with one word in menti.com
- 3. Match your dream with predefined areas in menti.com
- 4. Share your Dream in menti.com,
- 5. Share your Nightmare in menti.com

Talk about your dream as a member of the society (1 minute each, no interruptions)

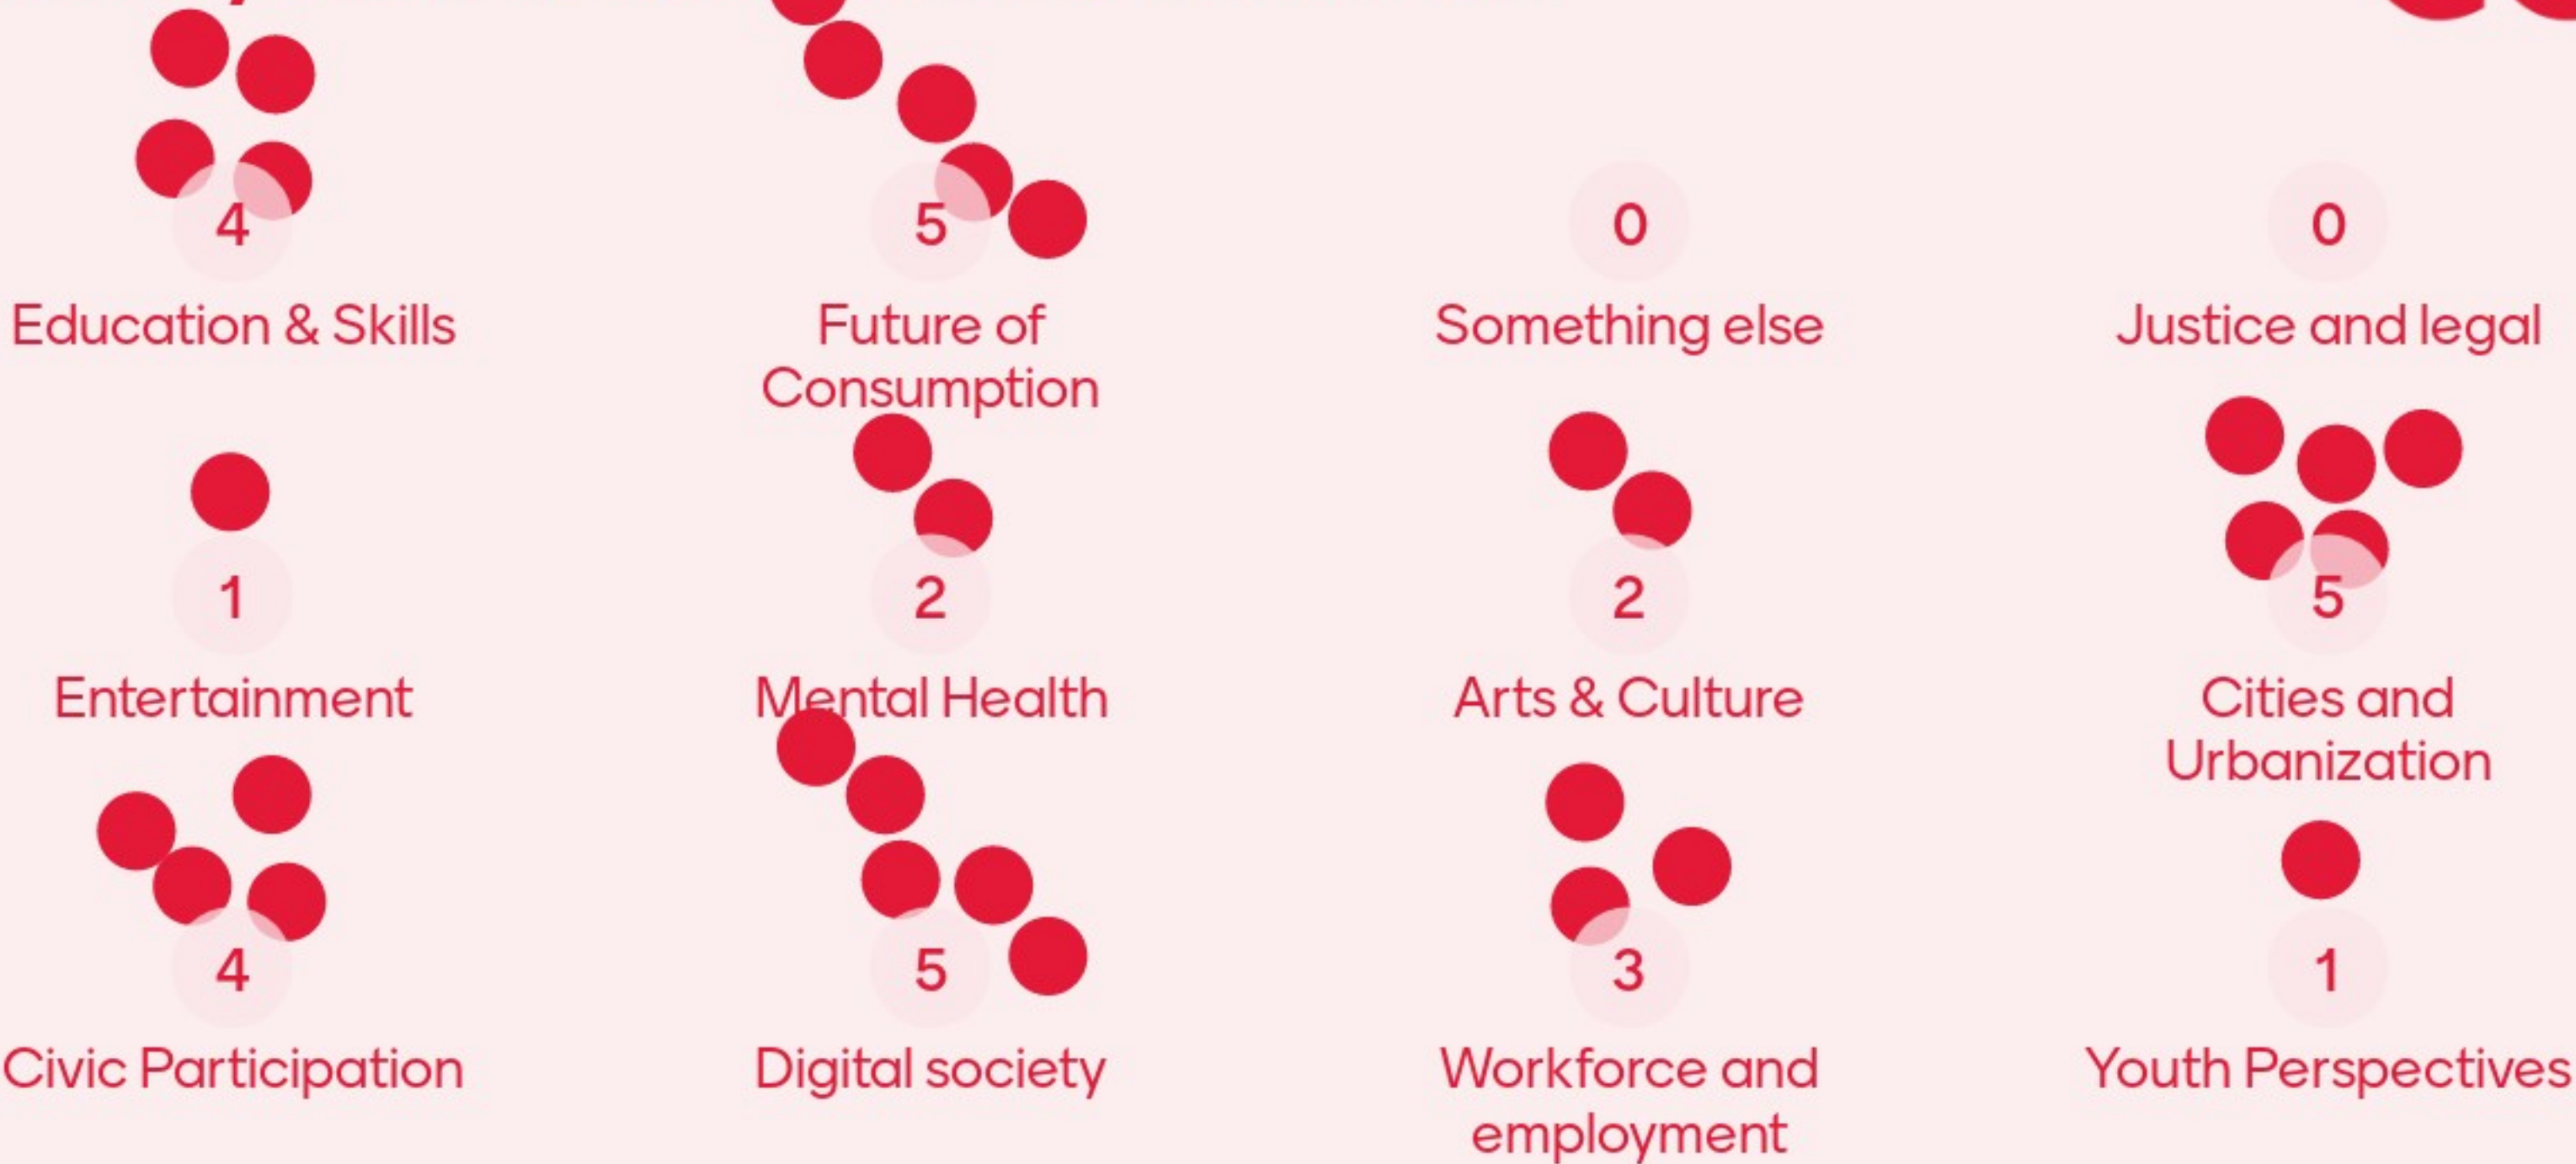

When answer these questions, have in mind, a reinvented future Society, 2 years ahead

Describe your dream with one word

Match your dream with these areas

Share your Dream starting with "What if..."

What if our seniors could have a worthy life after 70. Covid-19 have showed us that we are not prepared to handle the future seniors a head. We get older and older and less important as older we get...

What if we let people live more social and local lives, meeting physically to enjoy fika and lunch and playing boardgames, building LEGO and be creative. What if they would become more creative through that? What if that would complement AI succesful

What if we could think more about how, when and why we consume services and goods. With the goal to take personal responsibility for our actions to create a better place for all living things...

What if we all start meeting for the right reasons and focus on being more present when together

What if we make products that lasts a long long time. Business model flips to circularity.

What if food production contributes to biodiversity

What if I don't need to travel everyday to meet and work with my colleagues...

On our Way to a circular world, human collaboration and Technology as levers

Better balance between working life

Share your Dream starting with "What if..."

What if we all could enjoy activities and be included as equals

What if we rediscover the nature? What will happen with the trend of consumption?

Share your Nightmare starting with "What if..."

What if we have a pandemi and have to isolate the elderly :)

What if we go back to exactly the same pattern and behaviours but loose sight of the long term commitment and responsibilities...

What if we stopped thinking globally, acting locally without respect for the global impact? What if we dont think about the collective but only on the closest ones for global problems?

What if this is just the beginning and the next catastrophy will hit us soon

We go back to as before.....

Collapse of USA state and economy

What if Donald Trump was president for ever! 🤪🤔🤖

Ego world where only Money talks

Crash in economy

Yeah! you did it!!!

Sharing dreams and nightmares boost collective intelligence! Now back to Main Session!
